

Do you leave voicemail on others' phones? Are there particular people you feel comfortable sending voicemail?: Rarely

Only for business or some service

After calling an unanswered phone, what determines whether you leave a voicemail?: If it is a business or something that operates with voicemails

When compared to other forms of communication (letters, text, email, etc), does voicemail strike you as antiquated? Why/why not?: Because it existed before you could see that someone called you or just text people

Do you have any particular association with receiving voicemail?: Kip, my dad, old people

Are there ever circumstances where you would prefer voicemail?: From kip, if I'm sleeping

Or some thoughtful Message

Honestly I'd prefer audio memos or texting memos because they are better audio quality
